# TENTATIVE AGENDA

---

*As of February 23, 2021  
\*This is a tentative agenda, subject to change\**

**For the very first time in our history, CUPE Saskatchewan will hold its annual convention entirely online for the year 2021.** The one-day virtual convention will ensure that delegates from affiliated Local Unions can gather and participate in convention safely from their homes during the public health crisis caused by the COVID-19 pandemic.

**All convention business will be conducted on the “encore” video conferencing platform, accessed through an assigned link sent to each delegate by email to the address provided with their registration. The individually assigned link will enable secure electronic voting.**

**Caucus links will be provided separately and may occur on different video conferencing platforms, as indicated.**

*Registered guests and staff will receive a viewing link by email.*

*Delegates will deal with resolutions throughout the day's proceedings.*
