

STAND AGAINST THE CUTS

The Sask Party government's budget makes devastating cuts to public services, life harder and more expensive for Saskatchewan families, and puts people out of work.

Yet, while you pay a high price, the government is giving a tax break to already profitable corporations and the wealthy.

The 2017-18 budget sets a harmful plan over the next three years:

- deep, devastating, and irreversible cuts to public services such as health care, education, and social services.
- job losses and wage cuts that hurt both families and the economy,
- cuts to cities and towns leaving you to pay more as everyday services get reduced;
- selling-off and privatizing Crown Corporations including STC; and
- creating an unfair tax system that makes working families pay more in consumption taxes while the wealthy get extra breaks.

It's the wrong priority, and it's bad for the economy and the people of Saskatchewan.

Together, let's stand against the cuts.
