

FIELD TRIP FOR THE FUTURE OF LONG-TERM CARE IN GRENFELL

Are you concerned about the future of long-term care in Grenfell?

Join in the field trip for the future and share your thoughts directly with decision-makers and the media in Regina.

On March 11, 2019 health care workers and community members from Grenfell are invited to join CUPE Local 5430 for a day of action in Regina. Participants will attend the formal legislative question period where the official opposition will ask the government questions about long-term care in Grenfell. In addition, participants will meet with the official opposition and hopefully attend a meeting with government representatives.

Buses will leave Broadview, Grenfell and Wolseley on the morning of March 11 at approximately 10 a.m., and return in the afternoon around 4:00 p.m. Lunch will be provided.

Please R.S.V.P. to Cindy Zorn by phone at (306) 735-7451 or by email at cindyzorn@sasktel.net.

Speak up for long-term care in Grenfell and get on the bus!
